

**Strophe**

Baby i will see you,  
I will feel you,  
Feel you through the night,  
I will see you all night long.  
I will feel you, oh that's alright,  
That's alright, hope that's alright.

**Zwischenteil**

If I dont feel you on my side baby,  
I'm so sad.  
Pain is in my heart, yes it is,  
Pain is in my heart.

**Strophe**

Baby i will see you,  
I will feel you through the night,  
I will see you - all night long.  
I will feel you, oh that's alright,  
I hope that's alright,  
I Hope thats alright for you.

**Zwischenteil und Ende**

If I dont feel you on my side baby,  
Baby I'm so sad.  
Pain is in my heart, yes it is,  
I'm so sad - Pain is in my heart, so sad,  
I'm so sad - I'm so sad,  
Cause pain is in my heart .....
