

**War ist going on            29.08.2024/21.10.2025**

I wake up in the morning, can't get out of my door,  
I wake up in the morning, can't get out of my door.  
Thunder and lightning outside - you never have seen before  
You never see before.

Look out through my windows, see wind is blowing on.  
Look out through my windows, see wind is blowing on.  
No wind from air - bullets and rockets are there,  
War is going on – war is going on.

War come to our little town, can get out of my door.  
Drones like storks in the sky, can get out of my door.  
Drones like storks, I have never seen before,  
Never seen before.

Babyies and mamas are crying, while drones are flying.  
Mamas and babyies are crying, while drones are flying.  
War is in our little town, the killer wears the red crown,  
Yeah the killer wears the red crown.

President waers the red crown,  
President wears the Russian crown,  
President wears the Chinese crown,  
Terrorist wears the bloody crown.  
The world goes down - goes down  
goes down -  
President wears the Russian crown,  
President wears the Chinese crown,  
Terrorist wears the bloody crown,  
Terrorist wears the bloody crown.  
The world goes down – and the world's almost down.
